

Assessment Text Referencing

To include a reference list at the end of your work on a separate page. You should reference the sources you have used in your assessments in the Harvard Style. For example:

Website Name – Page or Document name retrieved, insert the date. Webpage link.

For a book: Author surname, author initial Year of publication, Title of book, Publisher, City, State

Further sample information about the Harvard style of referencing is available in your Student handbook or at:
